

At first, I was looking for a shelter to help me get back on my feet, but I have come to the conclusion that I need this place for a whole lot more than that. I desperately need this program and all the people here to help me seek the face of God and develop a deep, strong, and everlasting relationship with Jesus Christ.

I heard about the Genesis Center through the director of an addiction treatment center I was at and I had also seen a short video about Genesis at church one Sunday morning.

My life before I came to the Genesis Center was very unstable and I had really backslidden from my faith in Jesus Christ.; Being here at Genesis has opened my heart to know and realize that just being sober isn't enough to live a successful life, I have to have and maintain a personal relationship with Him and surrender my will and my whole life to Him and to become a servant to others in His name.

The Genesis Center is allowing me to seek and find God in a very safe and loving environment. This place and the leaders here provide me with the perfect structure and resources that allow me to learn how to build an independent life for myself upon the solid foundation of Jesus Christ.

I have a few favorite things that I enjoy here at the Genesis Center. I really enjoy going to the Bible study along with all the classes we are blessed to attend. I learn so much from the teachers that come here and minister to us. I also really enjoy working in the kitchen.

I am most certain that I will have developed an unwavering relationship with Jesus Christ and will have all the tools to maintain that relationship through the rest of my life. I know that through this program and with the help of the staff here at the Genesis Center, I will finally receive the God given healing that my heart and my life so desperately need. I believe this program and the people here will help my favorite scripture to become real in me and my life

“Create in me a clean heart o God; and renew a right spirit within me.”

Psalms 51:10
